

Dairy Expo

EXHIBITOR BROCHURE

1st DECEMBER, 2025

New Campus, LUVAS, HISAR

It all comes together

We are excited to announce the Dairy EXPO is set to take place 1st December, 2025 at CoDST, New Campus, LUVAS Hisar. The Dairy Expo will bring together the latest in milk production, processing machinery and services, packaging machines and materials, turnkey suppliers, quality control and assurance, ingredients, and logistics, creating the most comprehensive national dairy processing show under one roof. Dairy Expo will target the entire dairy processing and manufacturing industry, the event will provide a powerful platform for meeting new customers and strengthening relationships with current clients. It will deliver all the latest innovations and developments - from butter, yogurt and milk, to ice cream, cheese and whey.

Why Exhibit?

1. Meet and connect with prospective dairy customers – The best way to meet face to face with buyers and specifiers of your products and services
2. Learn about new developments in dairy processing – Companies often launch new products or machinery at trade events, it's a great way to see the "new" in action
3. Meet new companies that can help your business – A great way to meet new and prospective clients, often the purchasing managers
4. Strengthen (or establish) your brand – Trade shows give all companies equal access to key decision makers
5. Learn what your competitors are doing – It's always good to know what's happening in the industry and sometime exhibitors share and formulate ideas
6. Speak directly to your target market – No e-mails or blocked phone calls, just real time meetings with key executives
7. Optimise your sales and lead generation strategy – Trade shows are a great way to expose your sales team to hundreds of new prospects
