

DEPARTMENT OF VETERINARY SURGERY AND RADIOLOGY
COLLEGE OF VETERINARY SCIENCES
LALA LAJPAT RAI UNIVERSITY OF VETERINARY AND ANIMAL SCIENCES
HISAR (HARYANA) - 125004

List of M. V. Sc. Students

Sr. No.	Name of the Student	Name of the Advisor	Title of Thesis	Year
1	D. C. Dhablania	Dr. R. P. S. Tyagi	Experimental rumenotomy with special reference to various sutures materials and techniques in buffalo calves.	1967
2	I. S. Chandna	Dr. R. P. S. Tyagi	A study and evaluation of selected general anaesthetics in buffalo calves.	1967
3	M. M. Vig	Dr. R. P. S. Tyagi	Studies on experimental urethrotomy with special reference to various techniques and suture materials in buffalo calves.	1968
4	Gursharn Singh	Dr. R. P. S. Tyagi	Innervation and anaesthesia of the thoracic wall and paralumbar fossa in buffalo calves.	1969
5	Jagat Singh	Dr. R. P. S. Tyagi	Experimental studies on the oesophageal anastomosis with special reference to tissue transplantation in buffalo calves.	1969
6	B. S. Gill	Dr. R. P. S. Tyagi	A study on the repair of fractures of long bones in large animals with special reference to tibial and metatarsal fractures.	1970
7	Rama Kumar V.	Dr. R. P. S. Tyagi	A study on some factors influencing wound healing and an investigation into the possibility of skin grafting in buffalo calves.	1970
8	Surjit Singh	Dr. R. P. S. Tyagi	Cardiac surgery with special reference to mitral valve replacement and anti-arrhythmic drugs	1970
9	Murli Manohar	Dr. R. P. S. Tyagi	An investigation into the safety limits of total circulatory standstill under surface induced deep hypothermia with implication to orthotopic cardiac replacement.	1970
10	Gaj Raj Singh	Dr. R. P. S. Tyagi	Experimental studies on intestinal obstruction in different species with special reference to its hysopathology and surgical management.	1971
11	Madan Mohan Singh	Dr. J. M. Nigam	Evaluation of different techniques and suture materials for end to end enteroanastomosis in buffalo calves	1971
12	Jit Singh	Dr. R. P. S. Tyagi	An investigation into the techniques and effects of graded canine cardiac denervation.	1972
13	S. K. Dhar	Dr. J. M. Nigam	An experimental study on tenorrhaphy of Achilles tendon in buffalo calves.	1973
14	A. G. Bhasker Singh	Dr. J. M. Nigam	A study on the repair of radial and metatarsal fractures in equines – An experimental study.	1973
15	Ranjit Rai	Dr. J. M. Nigam	Surgical repair of the femoral fracture in dogs with special reference to radiographic and angiographic studies.	1975
16	A. K. Saxena	Dr. A. K. Bhargava	Experimental and clinical management of epiphyseal fractures of lower metatarsal in buffalo calves.	1975
17	B. R. Shetty	Dr. J. M. Nigam	A study on the fate of heterogenous vascular grafts for arterial prosthesis in canines.	1976
18	J. Saikia	Dr. J. M. Nigam	Study on the fate of tendon allografts following tendon repair in buffalo calves.	1976

19	Kuldip Singh	Dr. J. M. Nigam	An experimental study on the role of infection on wound healing in male rats.	1977
20	Jagvinder Singh	Dr. J. M. Nigam	Effect of massive intestinal resection in buffalo calves (<i>Bubalus bubalis</i>)- An experimental study.	1978
21	Sukhbir Singh	Dr. J. M. Nigam	Pathophysiological studies on urolithiasis with special reference to partial urethral transplantation in bovines.	1978
22	V. K. Sobti	Dr. D. Krishnamurthy	Experimental haemorrhagic shock in bovines haemodynamic, biochemical and therapeutic studies.	1979
23	K. K. Mirakhur	Dr. I. S. Chandna	An experimental investigation into certain biochemical and histopathological aspects of hemorrhagic shock in bovines.	1979
24	S. K. Chawla	Dr. I. S. Chandna	An experimental study on tibial fractures healing for external and internal immobilization in sheep.	1980
25	S. K. Sharma	Dr. Jit Singh	Evaluation of chloral hydrate and chloromagnesium anaesthesia in camels.	1982
26	N. Venkataravanappa	Dr. D. Krishnamurthy	Comparative study of diaphragmatic hernia in cattle and buffalo with reference to etiology and diagnosis.	1982
27	Mohinder Singh	Dr. A. P. Singh	Experimental studies on uraemia in cattle and buffalo.	1982
28	Rishi Tayal	Dr. I. S. Chandna	Contrast radiography of the urinary tract in goats.	1983
29	B. B. Kulkarni	Dr. I. S. Chandna	Treatment of uraemia in cattle with special reference to water, electrolyte and acid-base corrections.	1983
30	J. S. Gahlawat	Dr. A. P. Singh	Evaluation of halothane anaesthesia in buffalo calves.	1983
31	Prem Singh	Dr. Jit Singh	Studies on the repair of femoral fracture in cattle	1983
32	A. K. Taneja	Dr. Jit Singh	Studies on the repair of femoral fracture in equines.	1985
33	A. G. Da Costa	Dr. A. P. Singh	Evaluation of chloral hydrate-magnesium sulphate anaesthesia in cattle and buffaloes.	1985
34	R. L. Bhardwaj	Dr. D. Krishnamurthy	Prognostic factors in bovine diaphragmatic hernia.	1985
35	S. M. Behl	Dr. D. Krishnamurthy	Studies on pre and post operative systematic changes in bovine diaphragmatic hernia.	1986
36	Sudhir Singh Yadav	Dr. J. M. Nigam	Studies on foot lameness in sheep.	1986
37	I. J. Mehta	Dr. D. Krishnamurthy	Body fluid metabolism in bovine diaphragmatic hernia.	1986
38	Hardeep Singh	Dr. D. Krishnamurthy	Experimental studies on colonic anastomosis in cattle.	1987
39	Harcharan Singh	Dr. R. P. S. Tyagi	Studies on pathophysiology of strangulated intestinal obstruction in bovines.	1987
40	S. S. Lamba	Dr. I. S. Chandna	Radiographic study of hind limb of goat	1987
41	Ashok Kumar	Dr. J. M. Nigam	Evaluation of prognostic factors of obstructive urolithiasis in bullocks.	1988
42	Mrs. Shila Singh	Dr. D. Krishnamurthy	Evaluation of chlorpromazine, trifluorpromazine and pentazocine in camel (<i>Camelus dromedaries</i>) in relation to anaesthesia.	1988
43	R. S. Bisla	Dr. Kudip Singh	Experimental studies on entire segment cortical bone grafting in goats.	1989
44	J. P. Singh	Dr. S. K. Chawla	Evaluation of autoclaved and decalcified segmental cortical bone allografts in goats.	1990
45	Raju Sharda	Dr. Kuldip Singh	Evaluation of pentobarbitone sodium alone and quithesin as general anaesthetics in camel (<i>Camelus dromedaries</i>)- An experimental study.	1990
46	Rajinder Singh	Dr. P. K. Peshin	Evaluation of thiopentone sodium alone and in combination with halothane for anaesthesia of camels (<i>Camelus dromedaries</i>).	1990
47	Shiv Kumar Sharma	Dr. D. Krishnamurthy	Diversified approaches for diaphragm repair in bovines and cardiopulmonary effects of intraruminal pressure.	1993

48	Yoginder Sangwan	Dr. S. K. Chawla	Studies on certain changes during early stages of infection of bone in calves.	1994
49	Sarbjit Singh	Dr. Kuldeep Singh	Experimental studies on reticulo-omasal and pyloric obstruction in buffalo calves	1995
50	Subhash Chander	Dr. Kuldeep Singh	Radiographic evaluation of lesions of cranioventral abdominal region in buffaloes	1995
51	Maninder Pal Singh	Dr. D. Krishnamurthy	Body fluid changes in simple and strangulated jejunal obstruction in buffalo calves	1995
52	Ramesh Kumar	Dr. A.P. Singh	Prophylactic efficacy of chloramphenicol and oxytetracycline in bone infection in cattle	1996
53	Mangal Singh	Dr. P. K. Peshin	Sedative blood biochemical and haematological studies an alpha2 agonistic and their antegnism in young water buffaloes.	1996
54	Harjeet Singh	Dr. Jit Singh	Identification and treatment of functional abomasal disorder in cases of diaphragmatic hernia in buffaloes	1997
55	Jagbir Singh Rana	Dr. Sukhbir Singh	Experimental studies on small intestinal obstruction in the dromedary camel.	1997
56	Satbir Singh Josan	Dr. P.K. Peshin	Radiographic studies of the head and neck region of healthy buffalo calves	1997
57	Jaivinder Singh	Dr. S. K. Chawla	Radiological observations on thoracic disorders in cattle and buffaloes.	1997
58	Devender Singh Bisht	Dr. Rishi Tayal	Contrast arthrography of the shoulder, radiocarpal and fet lock joints in calves.	1997
59	Shashi Kant Tagra	Dr. D. K. Sharma	Studies on correction of critical electrolytes deficit in cases of diaphragmatic hernia in buffaloes.	1998
60	Rameshwar Dass	Dr. Kuldeep Singh	Experimental studies on bio-availability ciprofloxacin in cow calves and its prophylactic efficacy against Staphylococcus aureus bone infection	1999
61	Rajbir Singh	Dr. S. K. Chawla	Studies on osteomedullography of radius and tibia in dogs.	1999
62	Bimla Laura	Dr. Prem Singh	Effects of intravenous administration of hypertonic saline on the haemodynamic and certain blood biochemical parameters of hypokalaemic calves.	1999
63	Sanjay Drolia	Dr. S. M. Behl	Contrast arthrography of the femoro patellar, femoro-tibial and tibio-tarsal joints in cow calves.	1999
64	Surinder Sheoran	Dr. Rishi Tayal	Evaluation of certain joint lavage solutions in calves.	1999
65	Jitender Singh	Dr. Jit Singh	Evaluation of diazepam-thiopentone anaesthesia in buffalo calves (<i>Bubalus bubalis</i>)	2000
66	Jaswant Singh	Dr.D.Krishnamurthy	Bovine diaphragmatic herniorrhaphy comparison of three ventroabdominal incisions	2000
67	Harvinder Manuja	Dr. P. K. Peshin	Evaluation of pancurarium bromide as muscle relaxant in young water buffaloes.	2001
68	Anoop Sahu	Dr. S. K. Chawla	Evaluation of some combination of antioxidants in buffaloes suffering from diaphragmatic hernia.	2001
69	Jai Pal Singh	Dr. Sukhbir Singh	Assessment of oxidative stress and use of certain antioxidants in buffaloes suffering from traumatic reticuloperitonitis.	2001
70	Rajender Singh	Dr. Ashok Kumar	Studies on haematological and biochemical profile of buffaloes suffering from traumatic reticuloperitonitis.	2001
71	Anu Arora	Dr. S. M. Behl	Evaluation of Iso Amyl-2 cyanoacrylate (Tissue adhesive) for closure of ventral abdomen skin incision in dogs.	2002
72	Deepak Kaushik	Dr. Rishi Tayal	Comparison of analgin, ketoprofen and buprenorphin in management of surgical pain in dogs.	2002

73	Sukhveer Singh	Dr. Ashok Kumar	Evaluation of efficacy of atropine diazepam thiopentone anaesthesia in buffalo calves (<i>Bubalus bubalis</i>)	2002
74	Sunil Kumar Dahiya	Dr. Kuldip Singh	Microbiological environment of operation theatres vis-à-vis wound infections.	2002
75	Jaideep Beniwal	Dr. D.K.Sharma	Studies on medetomidine hydrochloride as sedative and its reversal with atipamezole in camels.	2002
76	Vivek Yadav	Dr. Kuldip Singh	Evaluation of medetomidine-ketamine anaesthesia in calves.	2002
77	Ashwani Kumar	S. K. Chawla	Treatment of traumatic reticuloperitonitis in buffalo with special reference to fluid therapy.	2003
78	R. N. Chaudhary	Dr. Rishi Tayal	Evaluation of conventional treatment of traumatic reticuloperitonitis in buffaloes.	2003
79	Mohinder Singh Yadav	Dr. S. M. Behl	Evaluation of Vitamin-A as antioxidant therapy in buffaloes suffering from diaphragmatic hernia.	2003
80	Vandana Sangwan	Dr. A. P. Singh	Tissue adhesive (Iso-amyl-2 cyanoacrylate in comparison to sub-cuticular sutures for closure of flank laparo- ovariohysterectomy skin incision in dogs.	2003
81	Geeta	Dr. Jit Singh	Evaluation of pentazocine as post-operative analgesic in dogs.	2003
82	Parveen Dutt Sharma	Dr. Kuldip Singh	Studies on clinical cases of urine retention in buffalo calves (<i>Bubalus bubalis</i>).	2004
83	Suneet Bindlish	Dr. Sukhbir Singh	Comparative evaluation of atropine and glycopyrrolate as preanaesthetics to diazepam thiopentone anaesthesia in buffalo calves (<i>Bubalus bubalis</i>)	2004
83	Vinay Singh	Dr. R. S. Bisla	Evaluation of analgesic effect of pre-emptively administered piroxicam and ketorolac tromethamine in dogs after ovariohysterectomy.	2004
84	Akshpreet Singh	Dr. Prem Singh	Ultrasonographic studies of the developmental changes of the liver and kidney in dog.	2004
85	Bijender Singh Ruhil	Dr. P. K. Peshin	Cardiopulmonary and metabolic effects of medetomidine hydrochloride as sedative and its reversal in young water buffaloes.	2004
86	Kuldeep Singh	Dr. Rishi Tayal	Evaluation of ketamine as an anaesthetic in goats (<i>Capra hircus</i>) with midazoam premedication.	2004
87	Sandeep Kumar Jangra	Dr. S. K. Chawla	Efficacy of midazolam as sedative in goats (<i>Capra hircus</i>).	2004
88	Kapil Dev	Dr. S. M. Behl	Peritoneal fluid studies in buffaloes suffering from traumatic reticuloperitonitis.	2005
89	Dheeraj Mehta	Dr. S. K. Chawla	Comparative evaluation of meloxicam and rofecoxib in management of pain in long bone fractures in dogs.	2006
90	Imran Khan	Dr. Ashok Kumar	Evaluation of atropine and glycoyrrolate alone and in combination with xylazine in buffalo calves (<i>Bubalus bubalis</i>).	2006
91	Jaspinder Pal Kaur	Dr. S.M. Behl	Ultrasonographic assessment of wound healing of incisional sites in ovariohysterectomized female dogs.	2007
92	Vijay Nain	Dr. Ashok Kumar	Evaluation of acepromazine and midazolam as sedative in buffalo calves.	2007
93	Amit Kumar Gupta	Dr. R. S. Bisla	Comparative efficacy of tramadol and buprenorphine as pre-emptive analgesics for ovariohysterectomy in female dogs.	2007
94	Vishal Kumar	Dr. Sukhbir Singh	Evaluation of propofol and propofol-halothane anaesthesia in young water bufaloes (<i>Bubalus bubalis</i>)	2008

95	Ram Niwas	Dr. Rishi Tayal	Comparative evaluation of radiographic abnormalities of craniogentral abdomen vis-à-vis surgical findings in buffaloes	2008
96	Sarabjit Singh	Dr. Kuldip Singh	Evaluation of atropine-acepromazine-xylazine-ketamine and glycopyrrolate-acepromazine-xylazine-ketamine combinations as anaesthetics in buffalo calves.	2008
97	Saurabh Chaturvedi	Dr. Kuldip Singh	Evaluation of atropine-acepromazine-xylazine-thiopentone and glycopyrrolate-acepromazine-xylazine- thiopentone combinations as anaesthetics in buffalo calves.	2008
98	Rajesh Sahu	Dr. S.K. Chawla	Ultrasonographic studies of the cervical oesophagus and proximal small intestine in dogs.	2009
99	Sandeep Saharan	Dr. Prem Singh	Ultrasonographic studies of post natal developmental changes of urinary system in male buffalo calves.	2009
100	Ninu A.R.	Dr. Rishi Tayal	Evaluation of anaesthetic protocols in diaphragmatic herniorrhaphy in buffaloes (<i>Bubalus bubalis</i>).	2009
101	Ratnesh	Dr. P.K. Peshin	Studies on blood and metabolic profile of propofol anesthesia in young water buffaloes.	2010
102	Amresh Kumar	Dr. Ashok Kumar	Evaluation of efficacy and safety of diazepam-ketamine, midazolam-ketamine and lorazepam- ketamine as anaesthetic combinations in buffalo calves.	2010
103	Neeraj Arora	Dr. S.M. Behl	Comparison of ultrasonographic and radiographic studies in buffaloes suffering from reticular diseases.	2010
104	Praveen Kumar	Dr. Prem Singh	Ultrasonographic studies of developmental changes of the heart in dog.	2011
105	Satbir Sharma	Dr. Rishi Tayal	Comparative evaluation of efficacy of pentazocine lactate, butorphanol tartrate and dipyrone in buffaloes undergoing diaphragmatic herniorrhaphy.	2011
106	Satpal	Dr. S.M. Behl	Ultrasonographic studies of heart in buffaloes.	2011
107	Vikash Singh	Dr. S.K. Chawla	Ultrasonographic studies of prostate gland and testis in dogs.	2011
108	Sandeep Kumar	Dr. Rishi Tayal	Evaluation of pentazocine lactate, butorphanol tartrate and ketoprofen with propofol Anaesthesia in Buffaloes Suffering from Diaphragmatic Hernia.	2012
109	Pushpender Jakhar	Dr. R.S. Bisla	Evaluation of xylazine-ketamine-propofol anaesthesia in buffaloes subjected to Diaphragmatic herniorrhaphy.	2012
110	Dinesh	Dr. S.K. Chawla	Studies on ultrasonographic anatomy and pathology of ear and eye in dogs.	2012
111	Sandeep Potliya	Dr. Ashok Kumar	Evaluation of atropine- xylazine-propofol and glycopyrrolate-xylazine-propofol as anaesthetic combinations in buffalo calves.	2012
112	Vikas Mangotra	Dr. Kuldip Singh	Evaluation of tube cystotomy in male Buffalo calves (<i>Babalus bubalis</i>) suffering from retention of urine.	2012
113	Karan Singh	Dr. Ashok Kumar	Evaluation of acepromazine-propofol and triflupromazine- propofol as anaesthetic combinations in buffalo calves.	2013

114	Lokesh	Dr. Rishi Tayal	Clinical evaluation of tolfenamic acid, meloxicam and flunixin-meglumine as analgesics in combination with glycopyrrolate-xylazine-ketamine as anaesthetic protocol in buffaloes undergoing diaphragmatic herniorrhaphy	2014
115	Madan Pal	Dr. Prem Singh	Comparative 2D and 3D ultrasonographic study of stomach and spleen in dogs	2014
116	Chander Vijay Pal	Dr. Ashok Kumar	Evaluation of acepromazine - ketamine, triflupromazine- ketamine and chlorpromazine-ketamine as anaesthetic combinations in buffalo calves	2014
117	Dinesh	Dr. S.M. Behl	Comparative 2D and 3D ultrasonographic study of kidney and urinary bladder in canine	2014
118	Anilesh Ku Srivastava	Dr. R.S. Bisla	Evaluation of piroxicam, phenylbutazone and tramadol as analgesics in combination with glycopyrrolate-xylazine-ketamine as anaesthetic protocol in buffaloes undergoing diaphragmatic herniorrhaphy	2014
119	Neha Phogat	Dr. Prem Singh	Studies on diagnosis and treatment of transmissible venereal tumour in dogs	2015
120	Ram Mehar	Dr Ashok Kumar	Studies on haematological and biochemical profile in buffaloes suffering from foreign body syndrome	2015
121	Vikas Jaglan	Dr. Prem Singh	Diagnostic and therapeutic studies of sarcoid tumours in equine	2015
122	Rohit Kumar	Dr. Rishi Tayal	Comparative evaluation of tolfenamic acid, flunixin-meglumin and butorphanol in pain management in canine orthopaedic cases	2015
123	Ashvin Dhankar	Dr Ashok Kumar	Comparative evaluation of pancuronium and vecuronium as muscle relaxants in buffaloes	2016
124	Shrikant Sharma	Dr Prem Singh	Comparative study of 2D and 3D ultrasonography of thyroid and pancreases in dogs	2016
125	Ravi Grewal	Dr Prem Singh	Neurological study of posterior paresis in canine	2016
126	Saurbh	Dr R S Bisla	Comparative evaluation of sub-ischial urethrotomy and tube cystostomy in clinical cases of urinary obstruction in buffalo calves	2016
127	Vijay Vikash	Dr Rishi Tayal	Comparative evaluation of carprofen etodolac and naproxen in pain management in canine orthopedic cases	2016
128	Garima Sharma	Dr Rishi Tayal	Management of periodontal disease in pet dogs	2017
129	Anil Sindhur	Dr Ashok Kumar	Endoscopic assessment of buccal, oesophageal and gastric mucosa following doxorubicin hydrochloride administration in dogs	2017
130	Naveen Prabha	Dr Ashok Kumar	Endoscopic assessment of upper gastrointestinal tract following vincristine sulphate administration in dogs	2017
131	Dr. Mohit Jamdagni	Dr Ashok Kumar	Studies on atropine-acepromazine/xylazine-butorphanol-thiopentone-sevoflurane anaesthesia in buffaloes undergoing diaphragmatic herniorrhaphy.	2018
132	Dr. Vikas Kishore	Dr Ashok Kumar	Studies on glycopyrrolate – acepromazine / xylazine – butorphanol– propofol – sevoflurane anaesthesia in buffaloes undergoing diaphragmatic herniorrhaphy	2018

133	Dr. Sukhdev Singh	Dr R S Bisla	Ultrasonographic evaluation of healing process of teat fistula repair using Polyglactin 910 suture and iso-butyl cyanoacrylate in bovines.	2018
134	Dr. Kulnidhi Sheoran	Dr Rishi Tayal	Clinical Evaluation of Butorphanol and Ketoprofen in pain management in canine orthopaedic cases.	2018
135	Dr. Shekhawat Ali	Dr Rishi Tayal	Evaluation of tramadol and meloxicam in pain management in canine ovariohysterectomy.	2018
136	Ribu Vargheese Mathew	Dr R S Bisla	Assessment of Polymethylmethacrylate (PMMA) in combination with intramedullary threaded pinning in long bone fracture fixation in canines.	2019
137	Vaibhav Bhardwaj	Dr R N Chaudhary	Evaluation and management of periodontal disease in dogs	2019
138	Tushar Jain	Dr Ashok Kumar	Comparative study on cardiac and haemato-biochemical alterations induced after vincristine and doxorubicin administration in canine neoplasms	2019
139	Gaurav Kumar	Dr Deepak Kumar Tiwari	Evaluation of Cardiac Functions Through Cardiac Biomarkers, Thoracic Radiography and Echocardiography in Dogs	2019
140	Vishal	Dr Sandeep Saharan	Comparative studies on stress response to laparoscopic ovariectomy and open ovariectomy in dogs	2019
141	Dishant Saini	Dr Deepak Kumar Tiwari	Comparative evaluation of latex foley's catheter and silver coated latex foley's catheter for surgical management of obstructive urolithiasis in male buffalo calves	2020
142	Pooja Yadav	Dr R N Chaudhary	Isflurane sparing effect of pentazocine, butorphanol and meloxicam to propofol induction and isoflurane maintenance in buffaloes.	2020
143	Amit	Dr Sandeep Saharan	Efficacy of Ammonium chloride and Walpole's solution for the treatment of obstructive urolithiasis in male buffalo calves.	2020
144	Robin	Dr R N Chaudhary	Assessment of Magnesium based biodegradable intramedullary pins for long bone fractures in dogs	2020
145	Akshay Tikoo	Dr Neeraj Arora	Comparative evaluation of therapeutic ultrasound and shortwave diathermy in dogs suffering from posterior paresis	2021
146	Anju Poonia	Dr. Deepak Kumar Tiwari	Echocardiographic evaluation in dogs undergoing elective surgery under dexmedetomidine/midazolam - ketamine anaesthesia	2021
147	Ankush Kumar	Dr. R N Chaudhary	Studies on application of titanium elastic stable intramedullary nailing for repair of long bone fractures in dogs	2021
148	Ankit Dangi	Dr Sandeep Kumar	Comparative evaluation of ultrasound guided tube cystostomy and conventional tube cystostomy for surgical management of urine retention in male buffalo calves	2021
149	Preeti Chaudhary	Dr. Deepak Kumar Tiwari	Studies on cardiac radiography and echocardiography in Harnali Sheep	2021
150	Bijender Singh	Dr Satbir Sharma	Comparative evaluation of bar square mesh and aluminium splint reinforced polyurethane cast for the management of compound fracture of distal long bones in bovines	2021

151	Shivansh	Dr Sandeep Potliya	Evaluation of efficacy and safety of nitrous oxide isoflurane anaesthesia in buffaloes undergoing diaphragmatic herniorrhaphy	2021
152	Auranpreet Singh	Dr Neeraj Arora	Comparative evaluation of pinhole and section ligation release castration techniques in male dogs	2022
