

**LALA LAJPAT RAI UNIVERSITY OF VETERINARY & ANIMAL SCIENCES, HISAR 125004**

**DATA REGARDING PH. D. SCHOLARS WHO HAVE REGISTERED FOR 2nd SEMESTER 2016-17**

| Sr. No. | Faculty    | Department                 | Name of Supervisor                        | Name of the Ph. D. Scholar with Unique ID/ Photo ID | Mode of Ph. D. (Full Time/ Part Time) | Registration Number | Date of Registration | Research Topic  | Likely date of completion of Ph. D. | Availing Fellowship Yes/ No | Funding Agency of Fellowship |
|---------|------------|----------------------------|---|---|---------------------------------------|---------------------|----------------------|---|-------------------------------------|-----------------------------|------------------------------|
| 1       | Student    | Animal Biotechnology       | Dr. Minakshi Principal Scientist, ABT     | Lambe Upendra Pradeep                               | Full Time                             | 2016V01D            | 08.08.2016           | Synopsis awaited  | 07.08.2019                          | No                          | -                            |
| 2       | Student    | Animal Biotechnology       | Dr. Trilok Nanda Professor, ABT           | Vinay Kumar   | Full Time                             | 2015V01D            | 24.08.2015           | Development and application of multiplex real-time PCR assay for diagnosis of <i>Brucella abortus</i> , <i>Campylobacter fetus</i> subspecies <i>venerealis</i> and <i>Tritrichomonas fetus</i> | 23.08.2018                          | Yes                         | University stipend           |
| 4       | In-service | Animal Biotechnology       | Dr. Trilok Nanda Professor, ABT           | Rajni Kumari  | Full Time                             | 2014V16D            | 07.02.2015           | Studies on enrichment of X chromosome bearing spermatozoa in buffalo bull semen   | 06.02.2018                          | No                          | -                            |
| 3       | Student    | Animal Biotechnology       | Dr. Trilok Nanda Professor, ABT           | Kanisht Batra                                       | Full Time                             | 2014V02D            | 29.08.2014           | <i>In vitro</i> expression, molecular and immunological characterization of early pregnancy related interferon tau stimulated gene of <i>Bubalus bubalis</i>                                    | 28.08.2017                          | Yes                         | CSIR                         |
| 6       | Student    | Animal Genetics & Breeding | Dr. A. S. Yadav Professor, AGB            | Sunil Kumar   | Full Time                             | 2016V03D            | 06.08.2016           | Synopsis awaited  | 05.08.2019                          | Yes                         | University stipend           |
| 5       | Student    | Animal Genetics & Breeding | Dr. S. P. Dahiya Professor, AGB           | Sandeep Kumar                                       | Full Time                             | 2016V02D            | 06.08.2016           | Synopsis awaited  | 05.08.2019                          | Yes                         | University stipend           |
| 9       | Student    | Animal Genetics & Breeding | Dr. D. S. Dalal Professor AGB             | Manjeet   | Full Time                             | 2015V04D            | 22.08.2015           | Genetic evaluation of economic traits in different generations of synthetic White Leghorn strain  | 21.08.2018                          | Yes                         | University stipend           |
| 8       | Student    | Animal Genetics & Breeding | Dr. Z. S. Malik Principal Scientist, AGB  | Lalit   | Full Time                             | 2015V03D            | 22.08.2015           | Genetic evaluation of performance traits in Harnali sheep using different models  | 21.08.2018                          | Yes                         | University stipend           |
| 7       | Student    | Animal Genetics & Breeding | Dr. S. S. Dhaka Professor, AGB            | Kapil Dev   | Full Time                             | 2015V02D            | 22.08.2015           | Studies on production performance traits and their association with genetic variants of <i>Cacna2d1</i> gene in Hardhenu cattle   | 21.08.2018                          | Yes                         | University stipend           |
| 10      | Student    | Animal Genetics & Breeding | Dr. S. S. Dhaka Professor, AGB            | Sandeep Kumar Sangwan                               | Full Time                             | 2014V17D            | 07.02.2015           | Studies on polymorphism in <i>Pit-1</i> , <i>Stat-1</i> and <i>Lep</i> genes and their association with performance traits in bovine  | 06.02.2018                          | Yes                         | University stipend           |
| 14      | Student    | Animal Nutrition           | Dr. N. S. Maan Professor, ANN             | Vinus   | Full Time                             | 2016V07D            | 06.08.2016           | Synopsis awaited  | 05.08.2019                          | Yes                         | University stipend           |
| 13      | Student    | Animal Nutrition           | Dr. Sajjan Sihag Principal Scientist, ANN | Sushil Kumar  | Full Time                             | 2016V06D            | 06.08.2016           | Synopsis awaited  | 05.08.2019                          | Yes                         | University stipend           |
